

Promised Killua

FULLSTACK WEB DEVELOPER

Email: promisedkillua@gmail.com | [Telegram](#) | [GitHub](#)

Executive Summary

Dynamic and results-driven Fullstack Web Developer with over 7 months of professional experience. Specialized in bridging the gap between sophisticated frontend architecture and robust backend systems to deliver high-performance, scalable digital deployments.

Technical Proficiency

Frontend	React JS, Next.JS, React Native, Vite, Figma
Backend	Node.js, Prisma
Languages	JavaScript, TypeScript
DevOps	Docker, Nginx, GitHub Actions
Testing	Jest, React Testing Library
Deployment	Apple App Store, Google Play Store

Professional Experience

Front-end Engineer | Freelance

- Architected and delivered high-performance "Godspeed" frontends, focusing on efficiency and user experience.
- Ensured pixel-perfect implementation of complex designs, maintaining high visual standards across all deployments.

Web Developer Intern | Creative Agency

- Engineered foundational landing pages to support agency marketing initiatives.
- Cultivated advanced problem-solving capabilities while navigating fast-paced, client-focused development cycles.
